MEMORANDUM FOR: 1948 DIRECTOR

Attached is a letter to Interior approving transfer of the funds requested for construction of the first portion of the George Washington Parkway. Technically these funds from the FY 190 appropriation are not subject to the conditions set by the Committee Report this July that you satisfy yourself that we have all commitments from the local authorities needed to proceed with the building before spending money.

We believe it would be prudent, however, to know that our requirements are substantially satisfied. We have reviewed commitments and with one exception believe they met our needs.

> MEMORANDUM FOR: DIFFITOR

Virginia has not yet committed \$250,000 or matching funds required for acquisition of rights for the remainder of the George Washington Memorial Parkway. NCPo is requesting action by General Anderson, and we have every reason to believe it will be forthcoming.

Thus while there is a technical gap in our commitments, we believe you would be werranted in releasing the funds for the urgently hereled commencement of the road construction.
